Let’s Get Physical!
• Challenge your kids to a basketball or soccer game. After playing outside, make Sweet Potato Hash together.
• If your family must stay inside, be active by dancing to music or doing sit-ups during TV commercial breaks.
• Ask your child to help you clean and do chores like dusting or sweeping.

Produce Tips
• Choose firm, dark, dry, and smooth sweet potatoes without wrinkles, bruises, sprouts, or moldy spots. One decayed spot can make the entire sweet potato taste bad, even when cut away.
• Do not store sweet potatoes in the refrigerator. To keep fresh, store in a dry, cool place, like a pantry or garage.
• Do not wash sweet potatoes until you are ready to cook them.
• At room temperature, sweet potatoes should be used within one week. If stored properly, sweet potatoes can keep for one month or longer.
