SNAP-ED WORKS IN MICHIGAN

Supplemental Nutrition Assistance Program Education (SNAP-Ed) provides nutrition education and physical activity promotion to qualifying participants to improve the likelihood that persons eligible for SNAP will make healthy food choices within a limited budget and choose physically active lifestyles.

PROMOTING HEALTHY EATING: REACHING MICHIGAN RESIDENTS IN NEED

Over 511k Michigan residents participated in healthy eating programs.

INCREASING FRUIT AND VEGETABLE CONSUMPTION

70% of parents say their kids are eating more fruit and 55% say their kids are eating more vegetables.

37% of youth ate fruit more often and 26% ate vegetables more often.

Adolescents ate vegetables 9% more often each day.

If adults maintain their new healthy eating behaviors over the next year, they will eat 827,216 more cups of fruits and vegetables.

SUPPORTING COMMUNITIES TO IMPROVE ACCESS TO HEALTHY FOODS
